

Tankai Express Bus

Regarding the Detour Operations due to the Kyoto–Jukan Expressway Closure

KYOTO Line

From October 15th to November 1st, 2024, both “continuous day-and-night road closures” and “nighttime road closures” are scheduled for the Kyoto–Jukan Expressway. During the closure periods, the “Miyazu–Amanohashidate interchange” will be inaccessible, and we will operate buses on a detour route. Depending on the detour route, delays of approximately 20 to 25 minutes are expected.

For information on affected buses and detour routes, please see the following table and the map*.

Please note that buses taking the detour will not stop at the “Miyazu–Amanohashidate Interchange” bus stop. There are cases in which the rest break may be taken at a different location if Kyotanba rest spot or Yura River rest spot are closed, please note.

We sincerely apologize for the inconvenience caused by the delays, and we kindly ask for your understanding.

Regarding the operation framed in blue

1. When taking a detour, the bus will operate along the blue route on the map.
2. The detour will take place via Yura, and the bus is expected to arrive 20–25 minutes later than usual.
3. Please note that the detour bus will not stop at the “Miyazu Amanohashidate Interchange” bus stop.

Express Bus **KYOTO Line** Detour Route

- Express bus stop
- Expressway interchange or junction (IC: interchange, JCT: junction)
- Blue line is the detour route
